

Ty Supancic, Esq., *Curriculum Vitae*

The Law Collaborative, ACP - Attorney at Law - December 2010 to present.

Lead Paralegal - May 2005 to November 2010

Ronald M. Supancic, Founder (1939-2021)

Like most family law specialists, for many years litigation was par for the course. However, I put preserving family relations first, so counseled my clients in an effort to settle cases before they had to expend the time and cost required by court and suffer the generational trauma it can produce.

With a background in entertainment, my practice has always had a special emphasis on complex and high-conflict cases for business owners and individuals engaged in the arts.

In 2018, I eliminated litigation from my practice and now work exclusively in the field of consensual dispute resolution.

Practicing Collaborative Law, mediation, limited-scope representation, pro se client assistance, court avoidance coaching, after-divorce estate planning, and asset protection.

Since 2021, I have been the owner of the Law Collaborative APC.
